

AEROPORTO DI BOLOGNA: NEW CHARGES PROPOSAL 2020-2023 - TRANSPORT REGULATION AUTHORITY RESOLUTION N. 1 OF 16 JANUARY 2020 – FINAL COMPLIANCE WITH REGULATORY MODELS APPROVED WITH RESOLUTION N.92/2017

On 16 January 2020 the Transport Regulation Authority (ART) adopted and published on the website a resolution of final compliance in relation to the new airport charges proposal elaborated by AdB S.p.A. following the implementation of the provisions defined by the Authority with resolution n. 132 of 24 October 2019, and already published on the Company's website www.bologna-airport.it on the "Business Aviation/Airport Fees & Charges" page, in the Corporate area on 19, December 2019.

Bologna, 17 January 2020

* * *

***Bologna Guglielmo Marconi Airport**, classified as a "strategic airport" in the centre-north area of the National Airports Plan prepared by the Ministry of Infrastructure and Transport, in 2018 was the eighth biggest Italian airport by passenger numbers, with 8.5 million passengers, of which 76,8% on international flights (Source: Assaeroporti). Located in the heart of the Emilian food valley and the automotive and packaging industrial districts, the airport has a catchment area of about 11 million inhabitants and around 47,000 companies, with a strong propensity to exports and internationalisation and with commercial expansion policies to Eastern Europe and Asia.*

In 2018 114 destinations were served from Bologna: the presence at the airport of some of the largest airlines in Europe along with some of the leading low-cost carriers and the close link with European continental hubs make Bologna Italy's forth airport for global connectivity (Source: ICCSAI - Fact Book 2019).

As for airport infrastructure, the airport has among its strategic objectives in the next few years an important development plan that mainly concerns the expansion of the terminal, particularly in the parts of security checks and gate area. The company's aim is to make Bologna Airport one of the most modern and functional in Italy, an important gateway to the city and region.
